

Set Wave System Time Zone

Last Modified on 09/30/2015 12:57 pm EDT

1. Login to Global Administrator (see [Login to Wave IP Global Administrator](#)).
2. Choose "Date and Time" from Global Administrator.

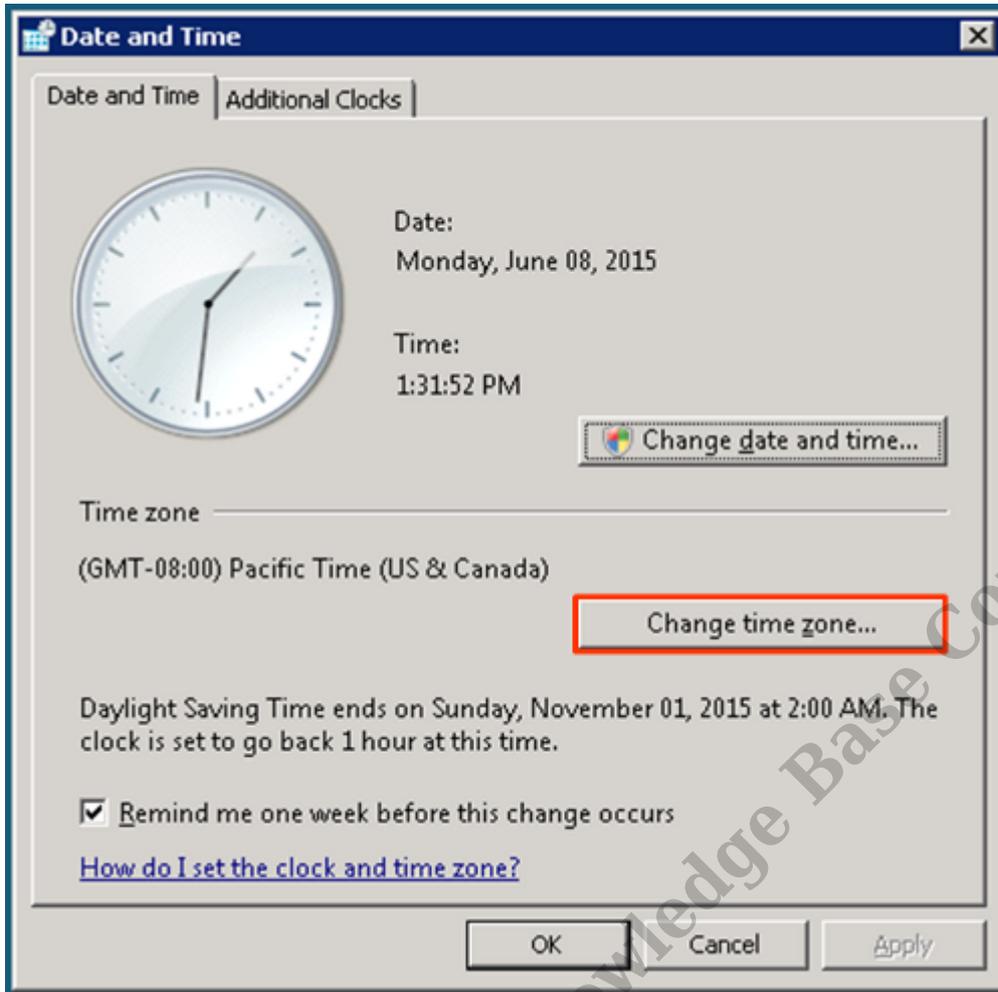

3. A Remote Desktop dialog will appear. Press the Connect button.

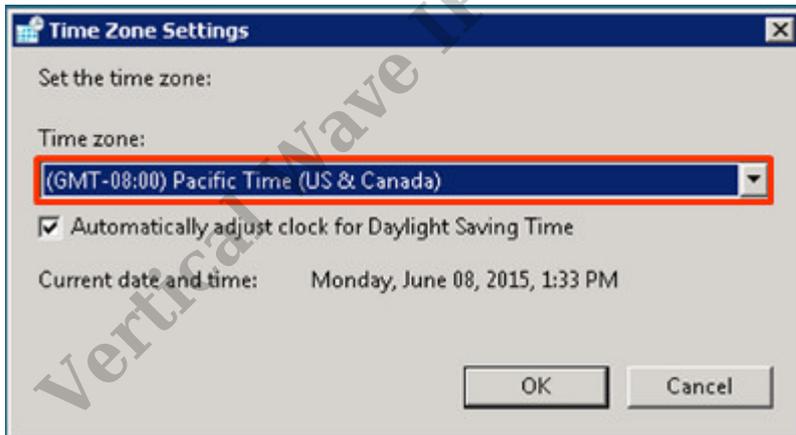

Note: If this box does not appear, there may be a problem with Internet Explorer options. Press the Back button on the browser. Change the settings in the browser (see [IE Security Options](#)).

4. On the Date and Time dialog, click on "Change time zone..."

5. Click on the Time Zone drop-down box and choose the appropriate time zone for this Wave.

6. Click OK to apply the Time Zone Settings.
7. Click OK in the Date and Time dialog.
