# View License Status

Last Modified on 09/30/2015 11:49 am EDT

When upgrading to a new version or working with customer service on a licensing question, the License Status report is useful. You can run it using the following steps:

1. Login to Global Administrator (see [Login to Wave IP Global Administrator](#)).
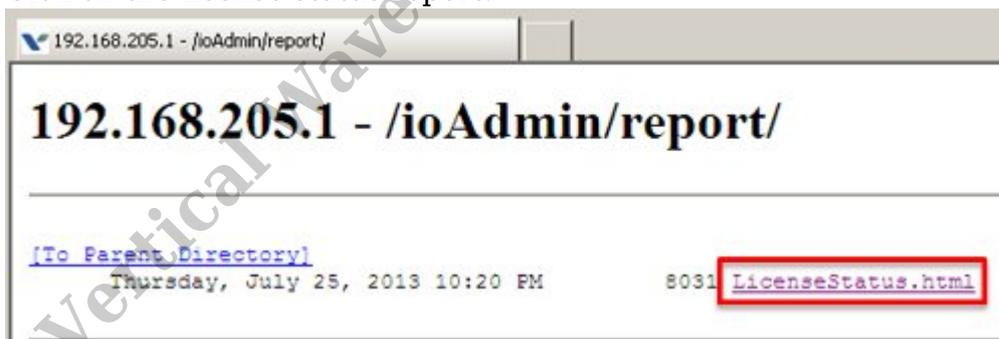

2. Select Report Generator

3. Take these three steps on this screen

1. Choose License Status from the list of reports.
2. Click Generate Report
3. Click View Generated Reports

4. A list of previously generated reports appears.

5. Cick on the license status report.

6. The report appears in HTML.

License Status Report
