Install Archive Recording Browser

Last Modified on 11/03/2015 1:50 pm EST

- 1. On the PC where the actual network share will reside, open Windows Explorer. Do this using one of these methods:
 - $\circ\,$ On the keyboard, pressing the Windows Key + E
 - $\circ\,$ Pressing Start and clicking on Computer.
- 2. In the Explorer window that appears, enter \\<WAVESERVER>\netsetup in the address bar (wehere <WAVESERVER> is replaced by the Hostname or IP Address of the Wave IP). Press Enter.

3. The network share from the Wave includes the client setup executable. Double-click on Setup.exe.

4. Choose language and click OK.

5. Click Next to start the install wizard.

6. Accept the License and click Next.
