# Set Voice for Text to Speech (TTS) In IVR
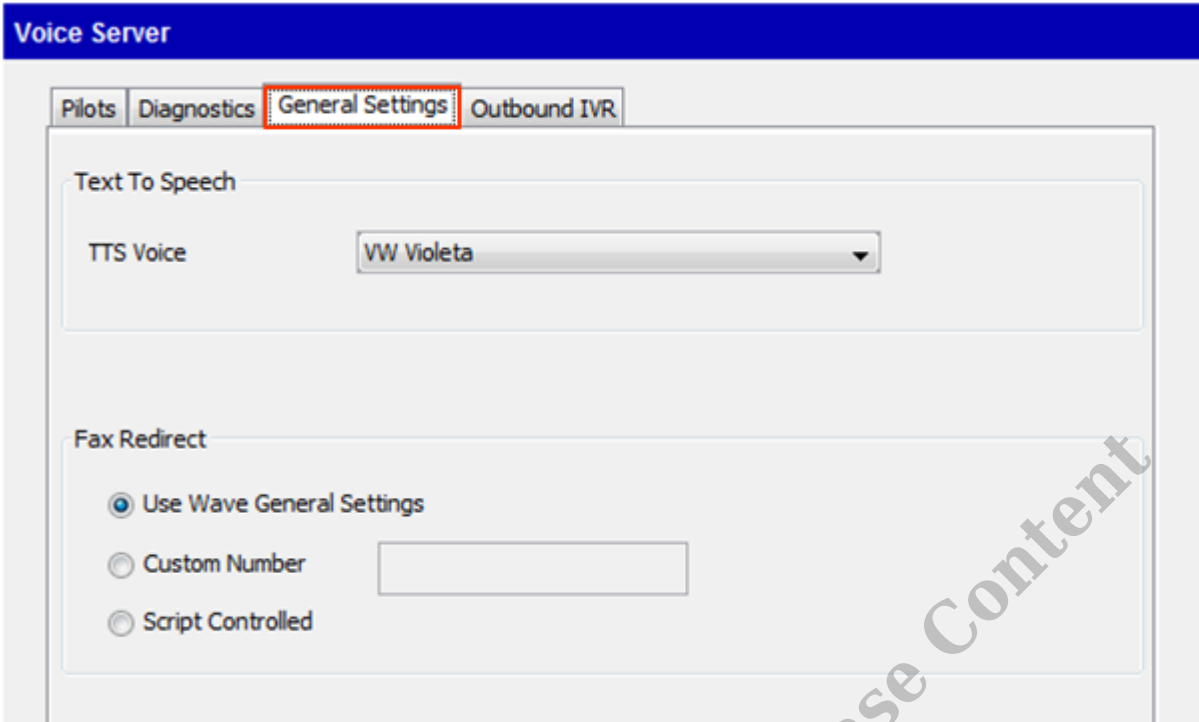

Last Modified on 11/03/2015 2:14 pm EST

1. Log in to Global Administrator (see [Login to Wave IP Global Administrator](#)).

2. Click on Applications tab.

3. Click on Voice Server (note, this requires having Voice Server ports installed. All Wave license sets include one port).

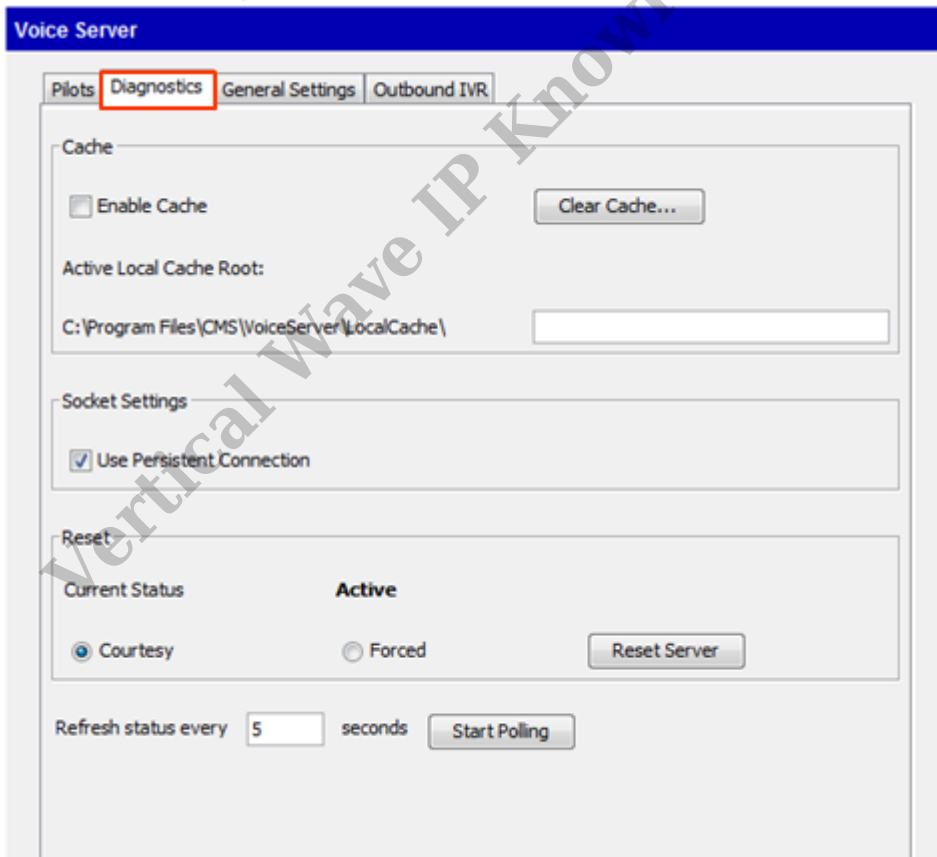

4. Choose General Settings.

5. Click on the TTS Voice box to choose one of the installed voices. Kate and Paul are the default US English voices.

6. Click on the Diagnostics tab.

7. Click the Reset Server button to restart the Voice Server.

8. Click Apply and then Done to exit.
