

Launch a Vertical Meeting from an IM Chat

Last Modified on 11/12/2020 6:43 pm EST

After setting up your Vertical Meetings Link in your [Personal Settings](#), you can easily turn an IM chat into a Vertical Meeting session. VPW will automatically send your meeting room link to the other participants in the IM chat.

Now, when you are in an IM chat, click the VMeetings icon at the top of the chat window. Vertical Meetings will launch in a separate window:
